Source of Information : Data collected from all respective departments and units of the hospital.

Kandy National Hospital

Introduction

Kandy National Hospital is the second largest medical institution in the Island established and administered under the purview of the Ministry of Health Care and Nutrition. Kandy National Hospital is a tertiary care institution maintained by the Sri Lankan Government.

National Hospital Kandy is providing specialized health care services mainly to the Central Province and to all other provinces except Western and Southern. People are coming from all other 7 provinces to seek expert care from Teaching Hospital Kandy.

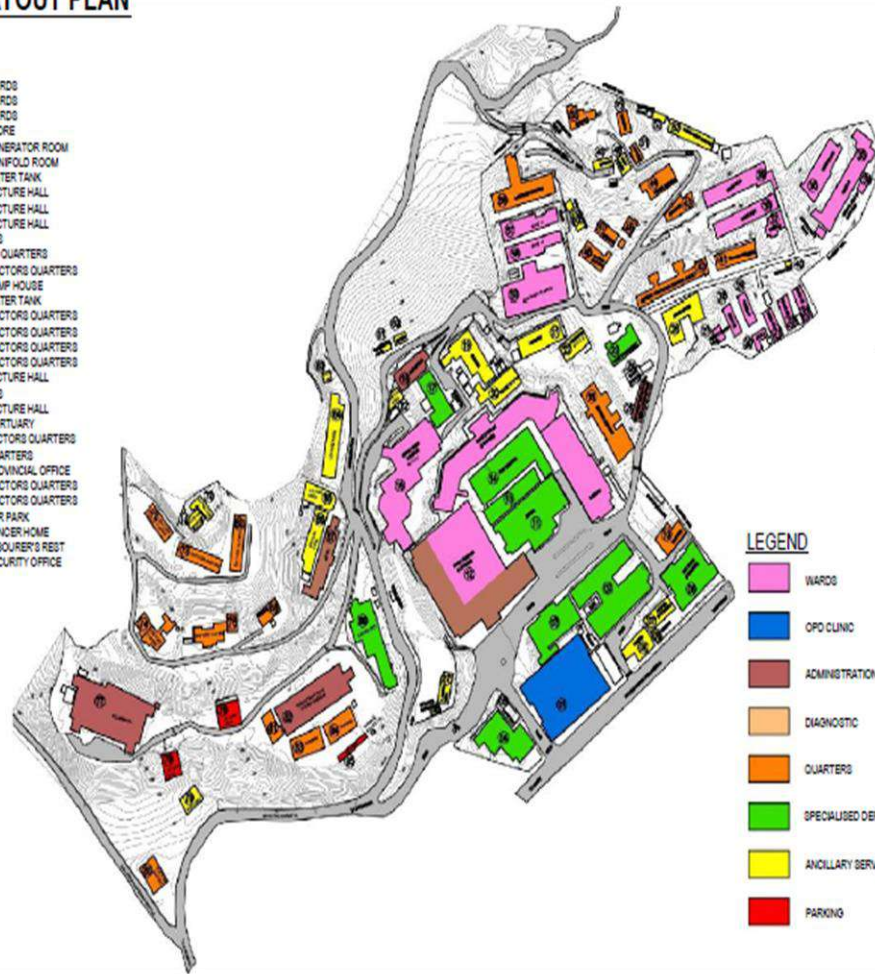

National Hospital Kandy with strong links to the University of Peradeniya, conducts undergraduate training programs for the university students studying at the faculty of Medicine and Postgraduate Institute of Medicine(PGIM) which is a national institute attached to the University of Colombo. PGIM appoints post-graduate trainees, registrars and senior registrars to this hospital on a regular basis as this is one of the oldest Hospitals which provides the entire range of medical and surgical specialties under the administration of a single institution. National Hospital Kandy is a training center for the student Nurses who are coming from the nurses training school in the Hospital. It also provides teaching facilities for foreign students who seek exposure on tropical diseases.

History

The fall of Kandyan Kingdom in 1815, led to establishment of Western (Allopathic) Medicine and initiation of Hospitals throughout the Island. Dr. John Davy was an army surgeon and physician to Governor Sir Robert Brownrigg from 1817 to 1819. He came to Kandy with the British Troops and lived next to Diyawadana Nilame's resident in Malabar Street. (At present it is named as Anagarika Dharmapala Mawatha).

A Military Hospital was built in a renovated existing building and was located at the site of the present "Kandyan Art Association". Later it served both military and civilians especially for Cholera and Small pox.

After 1821 Indian laborers came to Sri Lanka for coffee and later tea plantations. Civil hospitals were needed due to poor nutrition, cholera and Malaria.

Once the civil medical department was separated from the military service, Colonial Surgeons were appointed to Central Province. This medical board appointed vaccination officers who were responsible for vaccinating the public against small pox.

In around 1861 there was an infectious disease hospital in Deiyannawela (the small pox hospital). This pauper hospital was later expanded to become the General Hospital Kandy. One of the very first buildings of the Kandy Hospital was the Cholera ward in 1866. It was located at the site of the current laundry in between the kitchen and the old KSM building.

Our Vision

To be the safest tertiary care hospital in Sri Lanka.

Our Mission

Our mission is to elevate the status of the hospital to a modern, leading health care facility and training center by developing and sustaining the infrastructure and human resources and by creating a patient friendly environment where patient care needs will be of highest priority.

Our Promise & Values

At NH Kandy, people are of primary importance. That is why the value of caring is at the center of daily activity for our entire organization. We have adopted a culture of relationships and caring that uses a framework of Promises to guide relationships and care for self, patients and families, each other and the community.

Message from the Director

National Hospital Kandy being the second national hospital in Sri Lanka caters under one roof for patients coming from seven provinces out of nine provinces of the country to seek expert care for all the medical specialties available in the Country. So analysing the health data of National Hospital Kandy provides an insight of the health status of the country. The Health status is instrumental for the development of the country, hence our statistical data also imply the developmental status of the country up to some extent.

As the team of National Hospital Kandy our mission is to elevate the status of the hospital to a modern, leading health care facility and training centre by developing and sustaining the infrastructure and human resources and by creating a patient friendly environment where patient care needs will be of highest priority'. In achieving our goals, data driven decisions are utilized for evidence based medicine and review on our health data and performances is vital to improve our systems.

I take this opportunity to appreciate the dedicated work done by the team of Medical Record Officers to publish this well analysed annual report for the year 2021 which may be beneficial for policy making of health care institutes.

Dr. S.A.A.N. Jayasekara,
Director,
National Hospital Kandy.

AKNOWLEDGEMENT

Day by day the world is becoming smaller due to the development of information technology. Accurate, achievable, current information plays a major role in this. For any country medical statistics is a very important factor in health services.

Health records are the primary source of data use in compilation of health care statistics.

We collect data of census reports, availability of beds ,morbidity statistics ,mortality statistics,laboratory statistics ,medical imaging , patient monitoring etc. on a regular basis.

One very important function of the Medical Records Department is coding the diagnosis of each and Bed Head Tickets according to the ICD -10 classification .(International Classification of Diseases). Coding is undertaken to enable the retrieval of information on the incidence and nature of diseases, the distribution pattern of disease within a health facility , community , city or country.

The main reason for developing and maintaining a hospital information system is to collect, store, process , retrieve and communicate relevant information to satisfy clinical and administrative requirements within the hospital and its environment.

The management information system provides information that can be used in decision making in the entire hospital.

Health services statistics are used for comparison of present and past performance , guide for planning future development , appraisal of work performance by the medical and other staff, funding and research purposes.

The application of information technology to patient and hospital information system is becoming quite common and is of great significance to the medical record service. Therefore our ultimate aim is to computerize this whole system.

I wish to make use of this opportunity to offer my deep gratitude to Dr. S.A.A.N. Jayasekara the director, NHK and to all the officials who provide with data to make a successful compilation of this bulletin.

Finally, I kindly request your full co-operation in providing more accurate and timely data in the future as well.

Our Vision

To emerge as the center of excellence in the country which provides highest quality information, vital statistics and confidential documentary evidence with regard to the patient care services.

Our Mission

To enhance patient care through the use of data contained in the medical records and efficient provision of accurate , timely data enabling administrative , clinical and legal decisions to be made utilizing available resources effectively.

Ganga Bandusena

Medical Records Officer

1	General Physicians/Resident Physician	03/03	03
2	General Surgeons/ Resident Surgeons	06/01	
3	Obstetricians & Gynecologists	05	
4	Cardiologists	05	01
5	Chest Physicians/Respiratory	03	01
6	Cardiothoracic Surgeons	03	
7	Neurologists	02	
8	Neuro Surgeons	02	
9	Dermatologists	01	02
10	Rheumatologists	01	01
11	Psychiatrists	01	01
12	Pediatricians	01	03
13	Pediatric surgeons	01	01
14	ENT Surgeons	03	
15	Eye Surgeons /Vitro Retinal	04	02
16	Orthopedic Surgeons	04	
17	Plastic Surgeons	01	
18	Genito-Urinary Surgeons	02	
19	Anesthesiologists	07	05
20	Histopathologists/Chemical Pathologists/Pathologists	01	03
21	Hematologists		04

22	Bacteriologists/Microbiologists/Virologists/Mycologist	01	01
23	Oncologists	03	
24	Radiologists	02	02
	Diagnostic Interventional Radiologist	01	
25	Venereologists		01
26	Mycologists		
27	Public Health /CommunityHealth Physicians		
28	Specialist Dental Surgeons		
	1. Orthodontists	-	01
	2. Maxillo-facial	01	01
	3. Restoratarive	01	-
29	Endocrinologists	01	01
30	Gastroenterologists	02	
31	Gyn-Oncologist	01	
32	Judicial Medicine	02	
33	Nephrologists	03	
34	Vascular & transplant surgeons	02	

35	Neurophysiologists		
36	Cardiac Electophysiology	01	01
37	Neonatologists		01
38	Transfusion Physician		01
39	Haemato-oncologist		01
40	Any others (specify) i. Onco surgeon	01	
	ii. Renal transplant	01	
	iii. G.I. Surgeon	01	
	iv. Con. Infertility	01	
	vi. Forensic Psychiatrist	01	
	Vii Critical care Physician		01
	Viii. Emergency Physician	01	
	ix. Physician- OPD	01	01
Total		87	40
		127	

STATISTICS OF MEDICAL AND OTHER PERSONNEL'S AS AT 31 DECEMBER -2021

Category of Staff		Present Strength	
		Male	Female
1	(a) Administrative Grade (Senior and Deputy) Medical	01	02
	(b) Specialists/Consultants (other than administrative grade)	85	38
	Act. Consultants	06	06
2			
	Medical Officer		
	Hospital Medical Officers(D.M.O,S.H O.,H.O,MO in OPD etc)	257	328
	Internee Medical Officers	18	35
	PGIM Trainees	72	71
	Other Medical Officers (Specify) 1. Post Internee	17	24
3			
	Dental Surgeons		
	(a) Consultant Dental Surgeons	02	02
	(c) Hospital Dental Surgeons	12	15
4			
	Registered/ Assistant Medical Officers	01	01
5			
	Nursing Staff		
	(a) Matrons	06	06
	(b) Ward Sisters	06	41
	(c) Principals/Sister Tutors	06	22
	(d) Nursing Officers	165	1929
	(e) Mid Wife		51
6			
	Hospital Accountants	01	01
7			
	Hospital Secretary	01	01
8			
	Nutritionist		01
9			
	Biochemist		01
10			
	Physicist	04	
11			
	M.R.O.		01

	M.R.A.		02
	D.O./D.A.	09	30
12	Pharmacists	28	47
13	Medical Laboratory Technologists	27	45
14	Radiographers	25	07
15	Therapy Radiographers	07	04
16	Physiotherapists	22	23
17	Speech therapists		05
18	Occupational therapists	01	03
19	Audiology Technician	02	01
20	Orthotis & Prosthetist	02	
21	Orthoptist	01	01
22	Dental Technician	02	
23	Ophthalmic Technician	05	10
24	PHI	01	
25	ECG Technician	08	09
26	EEG Technician	03	04
27	Perfusionist	06	
28	Public Health Laboratory Tecnicians		01
29	Technical Officer	01	
30	Management Assistant	23	69
31	ICT assistant	01	01
32	Ward Clark		18
33	Psychiatric Social Worker	02	03
34	Hospital Overseer	06	08
35	Driver	29	
36	Telephone operator	03	07
37	House warden	06	08
38	Diet stewardess		08
39	Lab orderly	06	10
40	Messenger		
41	Seamstress		09

42	Carpenter	01	
43	Cook	17	03
44	Shoe Maker	01	
45	Orthopedic Technical Aide	05	
46	Attendants	67	264
47	KKS		06
48	Lift operator	14	
49	Watcher		
50	Saukya Karya Sahayaka (Junior)	377	509
51	Saukya Karya Sahayaka (Ordinary)	193	237
52	Saukya Karya Sahayaka (Substitute)	01	01
53	Book Binder	02	
54	Store man	01	
55	Plumber	01	
56	Transport Foreman	01

1. INTRODUCTION

- The proposed Bone Marrow Transplant Unit to Cure Thalassemia Patients at National Hospital Kandy building (eight storied, floor area 7410 sqm) is awarded from Ministry of Health & Indigenous Medicine for the contract price of Rs.1,598,052,848.73 (including VAT). The building include drug store area, kitchen, CSSD, endoscopy, blood bank floors, Bone marrow transplant units & machinery area.
- The scope of the Project is Follows:
 - Preliminaries -Rs.31,450,000.00
 - Demolisher -Rs. 4,125,000.00
 - Pile Foundation -Rs.31,834,185.00
 - Substructure -Rs.108,362,380.00
 - Superstructure -Rs.517,254,691.00
 - Water supply and drainage works -Rs.47,981,755.23
 - Electrical works -Rs.108,893,640.00
 - Mechanical works -Rs.270,626,100.00
 - IT works -Rs.19,338,500.00
 - Integrated building management system -Rs.71,000,000.00
- In this project we are going to implement ISO9001:2015, ISO 14001:2015 & OHSAS 18001:2007 for improve the productivity and efficiency.

2. PROJECT DETAILS

Description	Design and Build of Bone Marrow Transplant Unit to Cure Thalassemia Patients at National Hospital Kandy
The Financing Institution	Ministry of Health and Indigenous Medicine
The Employer	Ministry of Health and Indigenous Medicine
The Consultant Engineer	Central Engineering Consultancy Bureau
Date of Commencement	10 th November 2017
Initial Completion Date	
Extend Completion Date	
VAT Component	Rs.118,374,284.72
Contract Duration	12 Months

04

3. WORK DONE & EXPENDITURE SUMMARY

1.0	Project Value (Excluding VAT & Contingencies)	Rs.1,210,866,251.23
2.0	Work Done	
2.1	BOQ Work Done	Rs.267,360,835.61
2.3	Extra Work (Variation 02)	Rs. 00.00
2.4	Day Works	Rs. 00.00
2.5	80% of Material at site up to 2021.07.31	Rs.3,424,000.00
2.6	Price Escalation (7.5%)	Rs.
2.7	Total Work Done (Excluding VAT)	Rs.
2.8	Expenditure up to 2021.07.31	Rs.
2.9	Gross Profit	Rs.

05

4. PHYSICAL PROGRESS

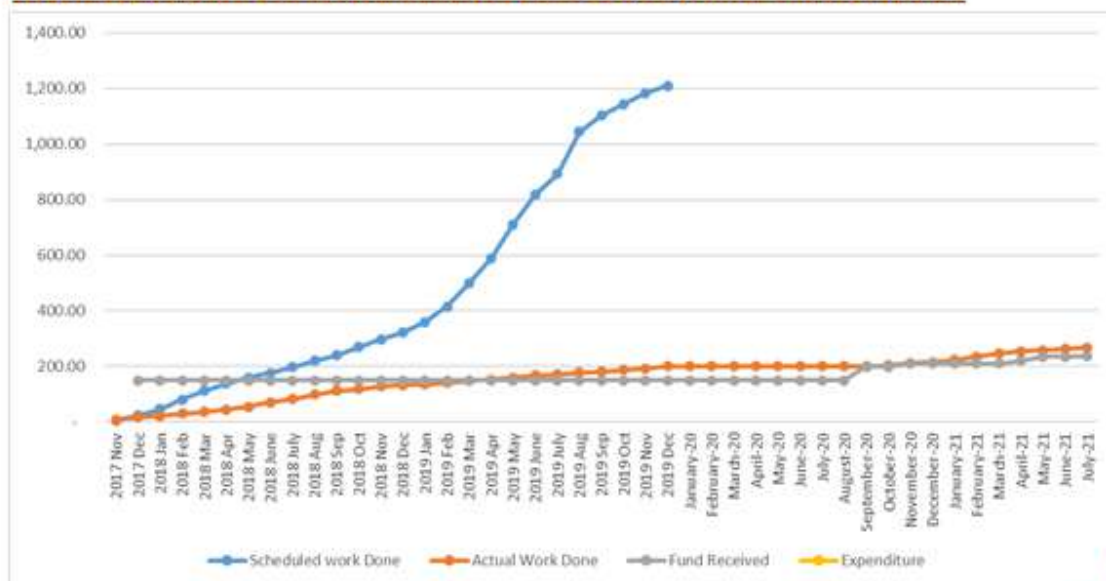

Item No	Work Description	Contract Amount	Total weight allocated	Current Progress
1	Preliminaries	Rs.31,450,000.00	2.60%	50.01%
2	Demolisher & Pile Foundation	Rs.35,959,185.00	2.97%	100.00%

9. PROGRESS PHOTOES

10. PROBLEMS ENCOUNTERED AT SITE AND REASONS

- Foundation designs was changed due to Unexpected subsoil condition.
- Project delayed about 5 months due to granting approvals from relevant government authorities to excavation and transport of soil.
- Severe weather condition effected throughout the year. It was inundated the site in several time.
- Submitted bills were returned by the client. Therefore it cannot expedite the construction activities.
- Cabinet approval for the new scope has not been received yet.

Physical Progress (Up to Aug 2021)

Super Structure is completed up to 5th Floor

Physical Progress : 21%

Financial Progress (Up to Aug 2021)

Work done
